EAN = European Article Number
The EAN-Code facilitates the identification of an article in all sales documents.

EAN -13 digits:

- 1 up to 7 = basic No.
- 8 up to 12 = article No.
- 13 = check digit

EAN-code in our Price List:

The basic No. always is the same and indicated in the corresponding headline, the article No. and the check digit can be found in the specific article description.

When handling, please use the 13 digits of the code.

Furthermore, the code is always valid for one unit (assortment/piece/pair/set.)

For your orders, please still use our article numbers
e.g.: 10 pcs. 450 N-13 x 15
